Construction schedules are subject to change based on weather/ unforeseen circumstances and schedule changes.

2018 Streets Project - Walking Tour Fort Logan/Northgate Neighborhood

Work in the Fort Logan/Northgate neighborhood is scheduled to begin in June, with estimated completion in November. The DrivingChange Project Team invites the community on a walking tour of the project. The project team will discuss designs, timelines, and will be available for questions.

Monday, June 18

Time: 5:30 - 7:00 p.m.

Location: Fort Logan/Northgate School Parking Lot

4000 S Lowell Blvd, Denver, CO 80236

Sheridan, CO 80110

Important Information:

Work zones have many moving parts including, flaggers, reduced speed limits, no parking zones and lane restrictions which all create the need for motorists to be aware of their surroundings to prevent accidents. The DrivingChange team reminds motorists to slow down in work zones.

- Watch for signage to direct you through the construction zone
- Always be on high alert for construction traffic through the area
- Avoid distractions and drive slow
- Follow flaggers' instructions

The DrivingChange team reminds residents to shut off their irrigation system when construction work is located near their home. If damage occurs to a resident's sprinkler system due to DrivingChange construction work, the contractor will be returning to repair the damage.

DrivingChange Benefits

The purpose of DrivingChange is to enhance our community through a series of reconstruction projects addressing street, bridge, drainage and stormwater issues. Improving the condition of our streets will:

- Improve vehicle and pedestrian safety
- Improve safety and effectiveness of emergency responders
- Reduce wear and tear on vehicles
- Potential to strengthen property values
- Provide greater opportunity to attract and retain businesses
