Homeowner's Statement of Understanding

I certify by signing this notice that the property address listed below is my principle residence and that I reside in the home. The home is not an investment property that will be occupied by other than myself.

In obtaining this permit, Number _____, I hereby certify that I am qualified and possess adequate skill and knowledge to do the scope of work as noted on the permit application. I am assuming full responsibility for all the building code requirements and liability associated with the project. I will request the appropriate inspections as the work progresses and will not proceed with additional work until such inspections are approved. I am also acknowledging that all work under this permit will be completed within one year of issuance.

A separate electrical permit may be required for the scope of work and that must be obtained through the State of Colorado.

By signing this Statement of Understanding, I verify that I and/or a member of my immediate family will be doing the work relative to this permit. I understand that if I hire anyone or have someone assist me in this project they are required to be a contractor, licensed for work within the City of Sheridan.
