Upcoming Meetings:

The City of Sheridan is looking for community members that would be interested in being part of the DrivingChange Communications Roundtable for the 2018 DrivingChange Streets Project. This project focuses on road improvements around Alice Terry and Rose Garden neighborhoods. The Communications Roundtable Committee meets four to six times a year. Please contact Devin Granbery, City Manager for additional information.

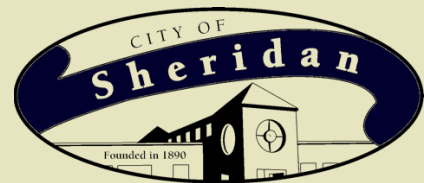

Important Information:

- The City of Sheridan and the DrivingChange team remind residents that while new sidewalks, curbs and gutters look great -- the use of salts, de-icers and other chemicals can quickly corrode and damage them. Please do not use any chemicals (salts, de-icers, etc.) on the new sidewalks, curbs and gutters for one year after installation.

DrivingChange Benefits

The purpose of DrivingChange is to enhance our community through a series of reconstruction projects addressing street, bridge, drainage and stormwater issues. Improving the condition of our streets will:

- Improve vehicle and pedestrian safety
- Improve safety and effectiveness of emergency responders
- Reduce wear and tear on vehicles
- Potential to strengthen property values
- Provide greater opportunity to attract and retain businesses
