Edgemore Drive, W. Dill Road, Farmdale Road, Radcliff Avenue, S. Hooker Street, W. Edgemore Place and W. Radcliff Drive for concrete removals/replacement.</p> <p>Partial closure of W. Oxford Avenue between S. Grove Street and S. Irving Street for survey and utility locates.</p>

The DrivingChange project team placed DrivingChange signs with information boxes around the local community. The information boxes will be filled with weekly construction updates every Thursday. If you know someone that is unable to access a computer and desires information about the DrivingChange project please direct them to one of the following information boxes:

- Sheridan Library
- City of Sheridan Municipal Building
- Chase Park - Rose Garden Neighborhood
- Alice Terry Park
- The corner of W. Mountain Road and S. Irving Street near Alice Terry Elementary School

In addition, the weekly construction information is recorded every week on the DrivingChange hotline (303) 438-3322, and placed on the website www.ci.sheridan.co.us. If you want to receive the updates through email contact us at drivingchange@ci.sheridan.co.us.

2018 Streets Project

The DrivingChange Bond Improvements Program is improving the Alice Terry, Rose Gardens and Fort Logan/Northgate neighborhoods, and S. Irving Street west to Lowell Boulevard and the South Santa Fe Business Park with roadway replacement, curbs, gutters, and sidewalk replacement. The project is anticipated to be completed Fall 2018. [CLICK HERE](#) to view fact sheet.

Upcoming Meetings:

The next "Coffee With Kraemer" is Tuesday, Feb. 20 from 7:30 to 8:30 a.m. at the Old Firehouse, located at 1995 W. Hamilton Place. Residents are welcome to attend, but these events are geared toward business-related issues.

Important Information:

The City of Sheridan and the DrivingChange team remind residents that while new sidewalks, curbs and gutters look great -- the use of salts, de-icers and other chemicals can quickly corrode and damage them. Please do not use any chemicals (salts, de-icers, etc.) on the new sidewalks, curbs and gutters for one year after installation. When the City receives a significant amount of cumulative snow cover, it is the resident and businesses responsible to shovel their sidewalk within 24 hours.

DrivingChange Benefits

The purpose of DrivingChange is to enhance our community through a series of reconstruction projects addressing street, bridge, drainage and stormwater issues. Improving the condition of our streets will:

- Improve vehicle and pedestrian safety
- Improve safety and effectiveness of emergency responders
- Reduce wear and tear on vehicles
- Potential to strengthen property values
- Provide greater opportunity to attract and retain businesses
