A Look Ahead

2017

- The Bottoms area
- Goat Hill from Zuni to Federal Blvd. & Dartmouth to Hampden Ave.
- Irving St. to Federal Blvd. & Oxford to US 285
- Oxford to US 285
- 3600 Block of South Bryant St. south of US 285

The team continues to work with businesses and residents to be mindful of impacts and accessibility.

Dear Sheridan Resident,

It has been a great year for **DrivingChange**, the voter-approved Sheridan Bond Improvements Program.

Zone 1A is now complete, which includes Clay Street, Irving Street, and Princeton Place. Construction in this zone began in June, and was completed in November. The team addressed drainage issues, along with paving, curb and gutter, and sidewalks. The difference has been amazing!

On the agenda for 2017 is the Bottoms area, and Goat Hill from Zuni to Federal. Work also includes Irving Street to Federal Blvd and Oxford to US285 area. I am personally looking forward to seeing more of the improvements DrivingChange makes to our city.

If you wish to be kept informed about **DrivingChange**, you can visit our website at www.ci.sheridan.co.us, email us at drivingchange@ci.sheridan.co.us or call our Hotline at 303-438-3322.

As always, thank you for your continued patience and cooperation - together we are driving the change in our community!

Best regards,

Dallas Hall
Mayor, City of Sheridan

DrivingChange Financial Report

The City of Sheridan issued \$20 million in bonds in 2016 to complete projects in 2016 - 2017 that are part of the **DrivingChange** Bond Improvements Program.

In 2016, the city completed \$4 million in **DrivingChange** construction projects at South Clay, South Irving, and South Princeton.

The projected budget for 2017 is \$16 million which will cover the Bottoms drainage and roadway re-construction project beginning in early 2017, and various other **DrivingChange** projects beginning in mid 2017.

The city plans to issue the remaining \$11 million in bonds during 2017 to be able to finish remaining **DrivingChange** street projects in 2018.

DrivingChange Communications Roundtable

The **DrivingChange** project team is committed to consistent and effective communication with residents and business owners. One of the ways they accomplish this is with the **DrivingChange** Communications Roundtable.

The Roundtable committee is comprised of residents and business owners from the community, and **DrivingChange** project team members. The committee meets at key milestones in the program to review various aspects of the project including, but not limited to: financial reports, design plans, and communications plans and reports.

"This program affects our community in so many ways, we want to make sure we're not only communicating with everyone effectively, but that we also hear feedback from the community," said Devin Granbery, Sheridan City Manager.

The members of the Roundtable met twice in 2016, once before work on Zone 1A began, and again in the fall to review progress and talk about upcoming work in the Bottoms.

If you would like to join to the list of potential Communications Roundtable members, or to join our email database, please email us at drivingchange@ci.sheridan.co.us, visit our website at ci.sheridan.co.us or call our Hotline at 303-438-3322.
